Applicant's resume

Name, Work Unit, Department, Title/Position

Educational experience

(From the undergraduate degree, sorted in reverse chronological order; please list the name of the tutor in the graduate degree stage)

Scientific research and academic work experience

(in reverse chronological order; e.g., postdoctoral researchers on site or have entered a postdoctoral mobile station (or workstation)) For research, please list the name of the co-instructor)

Presided over or participated in scientific research projects:

Format: project category, approval number, name, start and end years, grant amount, project status (completed or under-research, etc.),

The project that has been completed or is being undertaken is related to the project.

(Indicate the name and number of the project, source of funds, start and end years, and amount of funding received, etc.)

Representative research results and academic awards

(Please note: 1 Do not list papers at the submission stage; 2 For journal papers: list all author names, title, journal name, publication year, volume (issue) in the order of authors at the time of publication of the papers. and start and end page numbers; 3 For conference papers: the names of all authors, the title of the papers, the name of the conference (or the name of the conference papers and the start and end pages), the address and the time of the conference shall be listed in the order of the authors at the time of publication; 4 My name is in bold in all representative research results and academic awards.)

List of project team members

| No. | Name | Professional title | Unit | Mobile phone | task division |
|-----|------|--------------------|------|--------------|---------------|
| 1 | | | | | |
| 2 | | | | | |
| 3 | | | | | |
| 4 | | | | | |
| 5 | | | | | |
| | | | | | |

Fund Budget Application Form

| No. | Budget Account | Amount | Remarks |
|-----|-------------------|--------|---------|
| 1 | Equipment fee | | |
| 2 | Business expenses | | |
| 3 | Service charge | | |
| 4 | Other | | |
| | Total | | |

Body of Proposal

(1) Project initiation basis and research content (less than 3200 words):

1. Project initiation basis (400 words or less)
2. Research content, research objectives, and key scientific problems to be solved (800 words or less)
3. Proposed research programme (up to 1600 words)
(including description of research methods, technical routes, experimental means, and key technologies)
4. Features and Innovations of the Project (400 Words or Less)
(New theory, new method, new breakthrough, originality, subversive)

(2) Research plan and expected results (800 words or less)
